- Release Date: March 1, 2007
- Alcohol: 15.2%
- Suggested Retail: \$29.00

Notes

- The acid in this wine balances the fruit profile which results in a crisp, clean palate. Sand in color with a hint of jasmine flower and white peach this wine would pair well with a citrus beet salad or a variety of seafood fair. This wine drinks beautifully now or may be cellared until 2010.
